

TRAINING

MORE EFFICIENT
PRODUCTION

NEEDS-ORIENTED TRAINING

/ The training structure is oriented towards the level of knowledge of the participants.

INDIVIDUAL TRAINING LOCATIONS

/ Training can take place in our training centers around the world, or on your premises.

IMPROVING SKILLS

/ Motivated employees through practice-oriented knowledge.

REDUCE DOWNTIME

/ Trained personnel can reduce operating errors, and independently rectify faults.

***NOTE:** Increasing the number of participants in the training session ensures that employees have the same level of knowledge, as well as saving time and money.*

Training	
Product innovations	Function, areas of application, and maintenance
Product training	Knowledge of existing welding systems, operation, and areas of application
Welding training	Familiarization with welding processes
Service and maintenance training	Maintenance of various welding systems
